@ Shammom

My little Pettie Pie,
I'm so happy to have you and Anna as
my friends. You two mean so much to me. I
really love you both. We had some really great
times with you - I'll never forget them - and I hope
we have billions more! I really wish you all
the luck and happiness in your senior year
cause that's the one you'll remember the most!
Don't let Grove forget me.

Amma Dear Edith 82" Rules Good luck in 83. Luv You &
Sr. Rules! Hi Sis - Well I finally made it! Yea! I can't
believe it myself. I know we haven't been to close and
still aren't as much as we could be. But that's
because we're both going through the stage of wanting
our privacy and own room. You got to admit we
really don't have much space to share which makes
it even harder. I hope you have an excellent Sr. yr.
So that way you won't mind it as much. Hopefully
the future awaits happiness for both of us. I feel like
I need something, I'm real jazed about Graduating
It's just things could be better w/ my love life. Oh well
It's been fun double dating (the times I haven't flaked out)
Sorry - I have to straighten my shit out again (all over)
Wish me luck - love Always - your sis Anna

TENNIS

The girls' tennis team was quite successful this year, placing 2nd in league behind L.Q. in both Varsity and J.V.

This was the first time in 5 years that any tennis team from G.G. has gone to C.I.F. We lost to a tough Walnut team the first round, however.

Miss Dembecki and her assistant Dave Smith were very pleased to work with such a dedicated team and they both have high hopes for next year.

The Lady Argonaut Basketball Team began the season winning only 4 out of their first 15 games. Under new Head Coach Sam Lum, who took over the team in mid-January, the Lady Argos stormed back to win 5 out of the last 6 games. The team finished 3rd in the league and earned a C.I.F. berth. Through outstanding individual and team efforts, and a love for one another the Argos made a stirring comeback.

One of the most important facts that separates this year's Field Hockey Team from other year's is that they have the drive to win. They go out of their way to reach their goals. This how they have reached the rank of number 2 in C.I.F. Another goal that they have reached this year is beating University in the second round.

There are no individualists on this team, they play as one. NO player tries to be hero. We all pull together as one, and win as one.

GG 2	Azusa	1
GG 3	Edison	2
GG 3	Newport Harbor	2

The Westminster game was our only home game. We started off slow, by getting behind 1-0. We tied it up on a penalty stroke and came right back with another goal to beat them 2-1. Our 2nd game was at Azusa, they were a fast team, but we beat them with our stick to stick passing. We were tied 1-1 going into overtime. We put our heads together and rallied to score the winning goal. Edison was, by far, our toughest game. We were confident and determined. We double-marked their best scorer and kept her scoreless until stroke-offs. We beat them 3-2 in the strokes. Edison was the #1 ranked team in C.I.F. up until that time. The finals were held on February 27, 1982. We came up against Newport Harbor. Our teams were evenly matched. We knew that it was now or never. The game stayed at 0-0, with both teams exchanging shots at each other's goals. The game went into a 10 minute overtime and still there was no score. There was so much electricity on the field that you could feel it. After the ten minute overtime, we went into Stroke-Offs, which ended up with Garden Grove 3, Newport Harbor 2. It was an exhilarating feeling. There is no feeling like it in the world. Tears of joy were everywhere. The total realization that we were the 1982 C.I.F. Champions in Field Hockey hasn't hit me yet.

The 1981-1982 Girl's Track Team is a very young one, about 80% underclassmen. Potentially we have an excellent team. Our solid experienced performers are; Penny Green in the hurdles, Melanie Hripko in the field events, Elizabeth Acosta in middle distance running, and Melanie Thomas in long distance running.

At this time the coaching staff is hopeful that with the proper teaching of techniques and hard work on the part of the players that the Girl's Track Team will prove to be a tough competitor.

See Ya!

Thousands of years ago a Greek named Jason
Set out upon a quest which brought him fame;
He sought the Golden Fleece and let us hasten
To say that he returned home with the same.

Today our campus, like the good ship Argo,
Sets sail upon a vast pursuit each year;
The crew gathered from far and near go
On a quest from which no one should veer.

The modern Jason fights no fiery dragon
Or sails the ocean in a galley ship;
He sights a star on which to hitch his wagon
And buckles down for rigors of the trip.

The journey's long, the sailing's sometimes rough
And there are those who will drop along the way;
True Argonauts however remain tough.
They keep going come what may.

Yet Jason's task our own does parallel
We all attempt to reach our Golden Fleece
The story that this yearbook strives to tell
Compares our students to the heroes from Greece.

As we close our books, the school year is over for you;
We, the yearbook staff, hope you've enjoyed the story of 1982.

Dear Stupid Edith,

Dear Edith,

~~2000~~ for 300

As of September 7th 1981 there was a big change in my life. I was experiencing things I had never experienced before, and I had emotions that were never brought to the ~~surface~~ surface before then. At first I didn't ^{think} much of the situation because us getting together was just a way of getting Polly C. off my back.... I thought! But after a while I knew there was a reason for all of it. I saw you practically every day. The days I didn't see you I felt alone and unwanted. You changed that everyday feeling. We went from good friends to two people in love. I couldn't stand to be away from you for any length of time.

As the weeks went by a love grew in me that could never be taken away. I wanted to be with you for all time, and for some reason I knew we would. We have tons of things in common. We think about the same songs at the same time, we both like going to the beach, just lots of things. I spent the 7 best months of my life with you. Now we're best friends again. Not exactly what I had expected nor wanted, but there was nothing I could do about it.

I hope someday in the near future your feelings will return to what they were. I pray about it every night, I love you

Don't forget June 13th 1983. Kevin

I will be waiting, even if it takes forever!

~~Something like~~
